Public Notice Number: 814036277

Dated: 13 July 2026

New National Coordinator: The South African Assembly©

To whom it may concern

It is with great pleasure that we announce the selection of our National Coordinator – Willem Fourie.

The Standing Committee unanimously endorsed Willem Fourie as Pierre Odendal's successor and forwarded its recommendation through the appropriate Assembly/Federation process.

Pierre Odendal has officially stepped down. In his letter he states....

"5 years ago there was much to do, 5 years later, there is still much to do... But my part of the relay race as the National Coordinator is done.

In light of this, I would formally like to hand over the role of National Coordinator to Willem Fourie, who has shown a remarkable desire to learn, get involved, and protect the Assembly during difficult times. I also suggest that he take up the role of International Representative in the Federation of International Assemblies."

We thank Pierre for his steady hand in guiding the Assembly, and wish him well in his future endeavours.

We would once again like to affirm our mission statement:

Our Mission Statement:

The South African Assembly is dedicated to the construction of a complete and fully operational land and soil jurisdiction government, a functioning land jurisdiction court system serving the people of South Africa, the enforcement of Public Law, the restoration of our land and soil jurisdiction, and the reclamation of our material and intellectual public and private assets.

Issued on behalf of the South African Assembly

Notice to Agent is Notice to Principal,
Notice to Principal is Notice to Agent

We the people.
